

Regression Test Cases After a Bug Fix

We'll use the **login feature** and assume **QBT-1** was fixed:

Bug: Login button did not respond when valid credentials were entered.

After the developer fixes this bug, regression testing checks that the login fix works **and that related login functionality has not been broken**.

Regression Test Cases

TC ID	Test Case	Steps	Expected Result
REG-01	Login with valid credentials	Enter valid username and password → Click Login	User successfully logs in
REG-02	Login with invalid password	Enter valid username + invalid password → Login	Appropriate error message displayed
REG-03	Login with invalid username	Enter invalid username + valid password → Login	Appropriate error message displayed
REG-04	Login with both fields empty	Leave username/password empty → Login	Required-field validation displayed
REG-05	Login with empty username	Leave username empty → Enter password → Login	Username validation displayed
REG-06	Login with empty password	Enter username → Leave password empty → Login	Password validation displayed
REG-07	Forgot Password	Click Forgot Password	Password recovery page opens
REG-08	Password field masking	Enter password	Password characters are masked
REG-09	Logout after successful login	Login → Click Logout	User is logged out and returned to login page
REG-10	Login after logout	Login → Logout → Login again	User can successfully log in again

Regression Test Summary

Feature: User Login

Defect fixed: QBT-1

Regression test cases: 10

Objective: Verify that the login fix works and related authentication functions continue to work correctly.

Test execution table

For your submission, you can add these columns:

TC ID	Expected Result	Actual Result	Status
REG-01	Login successful	To be executed	Not Run
REG-02	Error displayed	To be executed	Not Run
REG-03	Error displayed	To be executed	Not Run
REG-04	Validation displayed	To be executed	Not Run
REG-05	Validation displayed	To be executed	Not Run
REG-06	Validation displayed	To be executed	Not Run
REG-07	Recovery page opens	To be executed	Not Run
REG-08	Password masked	To be executed	Not Run
REG-09	Logout successful	To be executed	Not Run
REG-10	Login works again	To be executed	Not Run
